THE WITHERED WOUND OF IDIOSYNCRASY SPELL SCRIPT IN ENGLISH

This is a spell, and you are going to die

Your body is hacked
Your organs are chopped
Your glossy family is ruined

You will die deprived at a hospital's corridor
No one will take care of you
Hell Girls deliver vengeance on their clients' behalf

Everybody is exhausted because of you
No compassion is left
for your serious authority

Loving girls can only be heretical, demonic,
and vicious
Hell Girls will not judge whether the target
deserves harsh punishment

Now the day plot twists
in application programs
that produce painkillers and illness

This is a spell, and you are going to die

Desolation will hit back to communicate the
pain
Evil Girls will crack down white collar crimes
Merciful death does not lie ahead
on your private-hell floor

On this part you have no control
You will bring back all the beloved ones
that got wasted

Now I must describe everything from the
perspective of the servant
All the metals of pain
All the bodies that lack of fit
All the slashes that run down on the curtain
I move in loss and love
in a world where pain is expensive
I left my historical record
arrived at anger
and left again to humiliate my desires

Cosmic revenge will not drop dead
The withered wound of idiosyncrasy
Will curse your agony

This is a spell, and you are going to die.
